

ACCELARATION OF IMPLEMENTATION OF AGENDA 2063

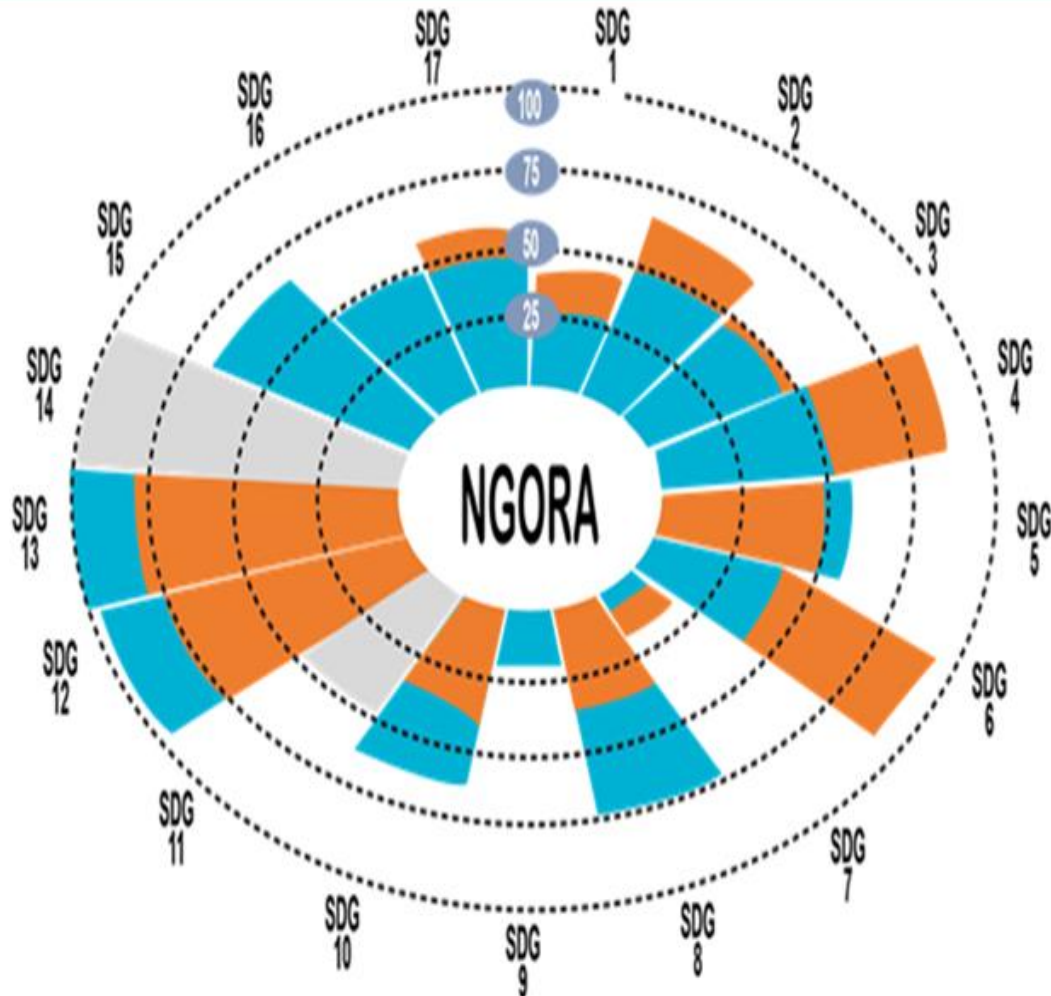

Priscilla Margery Asio

District Planner/Ngora District Local Government

PRESENTATION OUTLINE

- ❑SDG performance in Ngora district
- ❑Key challenges in implementation of the sustainable development agenda
- ❑What needs to be done (strategies and recommendations)

SDGS PERFORMANCE IN NGORA VS NATIONAL PROGRESS ON SDGS IN 2020

VOLUNTARY LOCAL REVIEW - SDGI/AGENDA 2063 DASHBOARD NGORA DISTRICT

■ Major challenges
 ■ Significant challenges
 ■ Challenges remain
 ■ SDG achieved
 ■ Information unavailable

KEY CHALLENGES

- ❑ How can we meet Sustainable Development agenda/targets if we don't align, generate accurate and timely data to track progress and communicate results?
- ❑ COVID-19 has aggravated the implementation of agenda 2063
- ❑ Insufficient data
- ❑ Alignment of SDGs in Sub-national Development plans incomplete
- ❑ Inadequate resources & too many indicators to measure
- ❑ The communities are not knowledgeable enough about the Sustainable Development agenda (scanty knowledge).

WHAT NEEDS TO BE DONE

- ❑ Sensitization, education and information sharing in regard to the agenda 2063, because its only known to a few categories of persons.
- ❑ Sharing of good practices, experiences, lessons learnt from different countries on how other countries are doing i.e. in implementing agenda 2063.
- ❑ Need for documentation, recording of stories and videos, experiences of those willing to share on how they have reached their goals and targets.
- ❑ Continuous measurement of results against the set SDG targets, this will guide the implementation of agenda 2063.

WHAT NEEDS TO BE DONE CNT'D

- ❑ Multi- stakeholder engagement during implementation of Sustainable development agenda e.g. all special interest groups, CSOs, private sector, NGOs, academia, policy makers
- ❑ Need for integration of Sustainable Development agenda into Development and strategic planning (Development Plans, annual budgets and work plans e.g. in Uganda with 5 year horizon planning).
- ❑ Identification of champions to lead/champion the implementation of agenda 2063 at National and Sub-national level.

WHAT NEEDS TO BE DONE CNT'D

- ❑ Alignment of funding and investments
- ❑ Engage national statistics and planning offices to align to the SDGs
- ❑ Utilize developed systems for real time data collection and dissemination.
- ❑ Strengthen capacities of actors in the Data
- ❑ Public-private data sharing mechanisms
- ❑ Strong coordination mechanism among stakeholders

WHAT NEEDS TO BE DONE CNT'D

- ❑ Development can only happen when communities are ready and thus need to be prepared through continuous education, sensitization on Sustainable Development agenda and its relevance in a bid to leave no one behind.
- ❑ Interpretation of the sustainable development agenda into local languages

THANK YOU
